SINCE 1992 REDR HAS DEPLOYED OVER

900 specialists in over 85 countries

REDR AUSTRALIA STANDBY ROSTER

People on our Humanitarian Standby Roster have been through a rigorous selection and training process. They are selected for their professional expertise as well as their ability to work in challenging environments, cope with unfamiliar situations, and fit in and work with relief personnel drawn from many countries and backgrounds.

RedR Australia deployees are not volunteers. Our personnel are experts on mission and provide humanitarian assistance in a professional capacity. They receive a salary and living allowance for the duration of their assignments which vary in length from three to six months.

We provide people with expertise in the following fields to support global humanitarian operations:

- Logistics
- Public Health
- Child Protection
- Humanitarian Protection
- Nutrition
- Education
- IT + Data Communication
- Field Monitoring
- Safety
- Water, sanitation + hygiene
- Site planning
- Engineering
- Civil-military coordination
- Communications
- Coordination

550 deployments in **33** countries

WE HAVE DEPLOYED OUR PERSONNEL TO

REDR AUSTRALIA TRAINING

HUMANITARIAN TRAINING PROGRAMME

We run an extensive humanitarian training programme with a particular focus on simulation exercises that equip participants with the skills and knowledge necessary to maximise their effectiveness in the field.

Our Trainers

Our trainers bring with them years of field and operational experience in both natural disasters and complex emergencies associated with conflict.

Who we train?

The Training Service is open to all and is used extensively by non-government organisations, the Australian Government and UN agencies, both domestically and internationally. We continue to be a preferred training provider for Australian Government staff and the Australian NGO community.

TRAINING COURSES

Training Covers

- introduction to international emergency response
- personal security and communications
- specialised technical courses in logistics and water, sanitation and hygiene.

Tailored Courses

- Humanitarian protection
